Keeping Our School Community Informed

No. 210 09/6/2017

## **DATES TO REMEMBER**

<b>Monday</b>	<b>12 June</b>	<b>Public Holiday – No School</b>
<b>Thursday</b>	<b>29 June</b>	<b>Parent/Teacher Meetings</b>
<b>Friday</b>	<b>30 June</b>	<b>Last Day of Term 2- 2.30pm finish</b>

**Monday 12<sup>th</sup> June –**  
 Queen’s Birthday Public Holiday –  
 Students **DO NOT** come to school on  
 this day.

Please note the school will  
 be closed next Monday  
 12th June, for the annual  
 Queen’s Birthday holiday. I  
 hope this holiday provides all families  
 with a restful long weekend.  
 School will resume on **Tuesday 13th  
 June** as normal.  
**Last Day of Term 2 – Friday 30<sup>th</sup>  
 June - 2.30pm Finish**

### **Student Reports and the Victorian Curriculum**

The Victorian Curriculum F–10 sets  
 out what every student should learn  
 during their first eleven years of  
 schooling. The curriculum is the  
 common set of knowledge and skills  
 required by students for life-long  
 learning, social development and  
 active and informed citizenship.  
 The Victorian Curriculum reporting  
 requirements for 2017, have changed

slightly from the AusVels reporting  
 and assessment requirements in 2016.  
 For students to achieve an “A” on their  
 report, they will need to demonstrate  
 they are working at least 18 months  
 above the expected level.

### **Report Writing**

Our hard working teachers have been  
 even busier this week as they compile  
 their assessment data for each student  
 in preparation for the Mid-Year  
 student reports.

As the Report comments are highly  
 personalised for each student, making  
 direct reference to specific pieces of  
 work and the learning the students  
 have undertaken; you can appreciate  
 that many hours are dedicated to this  
 process. After drafting comments,  
 members of the school leadership then  
 work with teachers to support the ‘fine  
 tuning’ of comments, ensuring a  
 consistent approach across all 29  
 classes.

### **Instructional Model for Lyndale Greens PS**

During the first semester, our teachers  
 have been collaborating strongly about

their classroom practices and processes. We are in the initial stages of building our school's Instructional Model. The aim of the Instructional Model is to build and deliver the highest quality framework for teaching and learning across the school.

Whilst we are proud of the outstanding teaching and learning already happening across the school, we regularly challenge ourselves to further develop our processes and practices, ensuring the most effective practices in every classroom.

### **Keeping Children Safe Online**

Over the next month we will be placing snippets in the newsletter to give families tips for how to ensure children stay safe whilst being online at home.

There are many good practices that can be established at home from an early stage to ensure children are well supported when online.

It is very important to understand that the strong filters provided by the Department of Education & Training (DET) help to ensure that children can only access appropriate sites at school to support their learning. However,

when school devices are used at home the school filters are not accessible and therefore families should consider the precautions that they need to establish.

### **Student Safety**

Please take the time to regularly remind your child/ren about safety, especially when going to and from school.

Here are the important points to mention:

- Do not talk to strangers and never accept a ride from a

stranger, or accept lollies or gifts from a stranger.

- Immediately report any issue or problem you may have when going to or from school, to your mum and dad, or to your teacher, the Principal, Assistant Principal, Wellbeing Teacher or office staff.
- Always get permission from mum or dad before going to play with a friend after school and always let mum and dad know where you will be and what time you will be home.

We advise that, wherever possible, children should travel to or from school with an adult or with their friends, rather than travel alone.

### **School Banking**

School banking day is Wednesday. Don't forget to send in your child's bank book and money.

### **2B worded addition and subtraction problems. Can you solve them?**

Queen Elnaz had 5 rings and King Daniel gave her 2 more.

How many rings does she have altogether?

**Janishaa 2B**

Eva had 12 donuts. She ate 7 of the donuts.

How many donuts didn't she eat?

**Elnaz 2B**

Mrs Malcolm had 6 test papers. She asked Mrs Bedggood to photocopy 8 more.

How many test papers does Mrs Malcolm have altogether?

**Sandush 2B**

Louis had 17 fidget spinners. Louis gave 9 to me.  
How many fidget spinners does Louis have left?

**Xavier 2B**

Sam ate five bananas in the morning. He ate two in the afternoon.  
How many bananas did Sam eat altogether?

### It's Cool To Be At School

Attendance – Term 2, Week 7			
Prep A	86%	3C	85%

Prep E	89%	4B	92%
1A	97%	4C	95%
1B	92%	5A	92%
1C	87%	5B	93%
1D	94%	5C	92%
2A	93%	5D	86%
2B	100%	6A	96%
2C	93%	6B	95%
2D	90%	6C	96%
3A	100%	6D	92%
3B	95%		

Congratulations to students in Grades 2B and 3A for 100% attendance for the week. Well done!

### Uniform Shop

The new Uniform Shop price list is on the last page of this newsletter. These prices are effective from 1 June, 2017.

### Upcoming Grade 4 BASF Excursion to Monash University.

Thank you Mrs Sise for organizing this experience for the Grade 4 students.

The experience last year in grade 4 was awesome! We had very important rules. One of the best experiences was the slime! We also drew lines on a paper with different textures and later we put it in a popsicle stick and it was awesome! We were very lucky to visit Monash University and learn new experiences. **Pooja**

I loved the excursion to Monash University. It was really fun. We all got to wear safety glasses and there were special safety rules. The best experiment was making slime! We also

made a texta mark on tissue paper to make it colourful. We got to make worms too! **Valentina**

Hi, My name is Lakshethaa and I was one of the lucky students to go to Monash last year. We went to a special BASF excursion to learn about different materials.

The experience was incredible! After doing the experiments, I had an urge to be a scientist and discover the unknown mysteries of the world.

The experience at BASF was indescribable! I remember each of the individual activities. slime, worm tester and paper with texta. **Amina**
