Swimming Program – Prep To Year 2

Only 30 Places Left

The swimming program for years Prep -2 will be run this term in December. The total cost is \$85 per student. Permission notes have been sent home.. If you would like your child to participate in the swimming program please return the permission note and the payment to your child's teacher as soon as possible. There are only 150 places available and they will fill quickly. Please note we cannot hold a place for your child without the payment or CSEF. If you successfully applied for the CSEF this year, this money can be used to pay for the swimming program

Science Talent Search Results

Sixty-six students in grades 4 to 6 completed science projects over two and half terms in the annual Science Talent Search competition organised by the Victorian Science Teachers' Association. The students' results were returned to the school last week. Students receiving an **acknowledgement certificate** were: Bhoomika Gundlur and Natalie Afaj (6A) Computer Program on Salinity; Suha Vohra and Tanveerjaha Reddigudem (5) Computer Program on Brain Tumours and Izabela Szafranski and Fatima Hakimi (6 C and D) video on Day and Night. Students receiving **Merit certificates** were: Ali Shahed and

Gunjeet Singh (4A) Model on Water Wheels; Debby Oladiji and Anna Thot (4B) photographs on Tree Bark; Plaj Andrew and Jayda Hatz (4A) model on catchments; Amina Arifi and Shraddha Kapadia (5) research on Salinity; Destinee Havilitama and Ruth Simon (5) research on Do Colour; Pooja Don and Vrishti Reddy (6B) inventions on Boat Car; Elyasi Adam and Mortija Matar (6A) computer program on Black Holes; Nidarshan Govindasamy and Dero Suvendrasoo (6A) computer program on Australian Dinosaurs; Bokthiyar Reddigudem and Aala Adam photographs of Vegetables; Pooja Pippalla and Lakshethaa Rajan photographs on bats and Claudia Cardoso and Megan Frost poster on water, energy and food for all. Students receiving **Distinction certificates** were Anthura Thenahandi and Danya Daoud for video on Solar – a Bright Idea. Students receiving a Minor Bursary were Claire McIntosh and Shapelle creative writing and Shraddha Kapadia and Tavleen Kaur for creative writing and Heather Ferguson and Sophae Pho for computer program on Marine Creatures. Grade 4C received a Major Bursary for a class project titled "Waste is a Disgrace". Congratulations to all the students who participated for their persistence, organisation and confidence. Students who received a Minor or Major Certificate are invited to attend the Presentation Ceremony on Monday 23rd October. **Judith Sise Science Teacher**

Hats

A reminder that Broad Brimmed hats are compulsory during term 4. Please have a look for your child's hat. If you have lost it or they have grown out of their hat, we have plenty of new hats available at the uniform shop. From next Monday, any student without their hat will be asked to go into the school hall at recess and lunch times until they have their hats.

Ready 4 Prep

A reminder that our highly successful Kinder to Prep transition program, Ready-4- Prep commenced this week.

It was wonderful to see so many Ready-4-Prep students and their parents/grandparents at our first Ready-4-Prep session for 2017.

The children had the opportunity to meet some of our outstanding Prep teachers as well as meet and make some new friends. Our Ready-4-Prep Kinder to Prep (Foundation) transition program has been an outstanding success over many years. It has offered children and parents the opportunity to find out about school life in a highly engaging and interactive setting. It also provides children with a high level of confidence about starting school as well giving each and every student the very best academic and social start to their school life. Providing your child with the opportunity to attend our **Ready-4-Prep** transition program is a great way to help build your child's confidence and readiness for school.

Limericks from Grade 5D

The Deep Dark Forest

The forest is so dark and deep
Its tunnels and hills are really steep
The creatures inside are quite mysterious
But the mole is very delirious

The forest held a treasure that no one
couldn't find and keep.
by Lakshethaa 5D

The Old Land

There once was a land called Pangea
At a time when there was no IKEA
Where the dinosaurs roam
And there was much bone
All of this was found by a scientist named
Bangia

Happy Rain

There were once happy clouds in the sky
And everyone felt like they could fly
Until everyone fell
All into a flooding well
Now it's time to bid your goodbye
Limericks by Amina 5D

A guy life

There once was a dude
Who loved to eat food
He bought a glorious burrito
The burrito annoyingly sang 'despacito'
But he wasn't in the mood.
Li by Marko 5D

The Boy with the Flu

There once was a boy who was sick with
the flu
He told the doctor he was feeling blue
The boy had terrible diarrhoea
But also an idea
He got out of hospital by tricking the
doctor he felt not sick but new!
By Nathan. H 5D
